The Superintendent,
Nonsuch Training School,
Paget Island.

Dear Sir,

With reference to your letter of the 7th May asking that the grant for dieting of the boys be increased from 3/9 to 4/3 a day per head, I have to inform you that the Board has agreed to this increase with effect from the 1st May, 1951. I have, however, been requested to add that payment at this rate is subject to revision, especially if there should be an increase in the number of boys at the School.

Yours faithfully,

C. G. Gilbert
